Director's Report (Presented by James Keel, Transit Director):

- Relative to Saturday's later hours implementation, there are 10 driver openings, 5 applicants are in the hiring process. Four drivers on FMLA. Therefore, Saturday hours will not begin July 1, 2021. Additionally, 50% of trolley staff is vacant. There are 2 mechanic positions open and 1 shop foreman position vacant. Lack of competitive pay for mechanics is stalling hiring process.
- Relative to state of good repair, Director was recently in California inspecting third twenty-nine-foot Gillig bus. Parts shortage is causing delays for U.S. manufacturers. There is possibility that Greenlink could face parts shortage if this continues. Discussion ensued as to what can be done to prevent running out of parts and eliminate possibility of shutdowns.
- Next O&M facility stakeholder meeting is June 29 at 5:30 at Greenville Water. The Documented Categorical Exclusion (DCE) reports have been submitted to the FTA. Next public meeting is July 1 at the Kroc Center.
- Relative to procurements, the CMaR scope will go out next week. O&M Facility information is now available at <http://ridegreenink.com/Bus Garage>.
- Waiting on County to approve FY22 and FY23 budget.

Mr. David Mitchell made a motion to authorize and direct the Board Chair to execute and deliver a contract addendum with Cubic for UMO Rewards through resolution number 2021-21 where ads will provide revenue stream. Ms. Addy Matney seconded the motion. There is no opposition. The motion carries.
